

Career Connection Fellows Internship Program

Summer Internship Program for Undergraduates at the University of California- Santa Barbara

Hosting a Student

The UCSB Department of Economics and Career Connection office are excited to announce our new Fellows Internship Program. This program is designed to bring together UCSB's brightest and most successful undergraduate students with top internship employers.

The Economics department has 3 majors: Economics, Economics and Accounting and Econ/Math totaling over 1,200 students. Only the best of these students will have the opportunity to be selected as Career Connection Fellows. Our distinguished alumni volunteers will interview and select students to be named Career Connection Fellows. The committee is looking for students with strong communication skills, leadership experience, high academic achievement, and an overall drive towards success.

We invite you to join us in this program. The Department of Economics will work with you to find talented UCSB undergraduates with a strong interest in your firm. The Career Connection Fellows program will be a great way for you to connect with UCSB students that will contribute to your organization for years to come. The Career Connection Fellows program complements the existing programs within your organization. If your company offers an internship program, we encourage you to consider becoming a Career Connection Fellows employer.

Employer Benefits:

- Increased access to high achieving, successful students
- An opportunity to explore talent for full-time positions
- Increased ability to connect with top students early
- A unique branding opportunity to reach top students
- A streamlined process: University staff and alumni review applications and conduct first-round interviews thereby reducing an organization's time commitment to the screening process

Participation Requirements:

- Organization should have a full-time paid internship opportunity for 6 - 10 weeks during the summer.
- Must simply receive our Career Connection Fellows resume book – you do not have to offer internships to our students.

The selection of fellows typically takes place during the end of January. Businesses who choose to receive our resume book should receive a copy by mid-February.

Contact Information:

For additional information or to discuss your organization's participation in the UCSB Career Connection Fellows Internship program, please contact: Courtney Visueta (805) 893-2824 or Courtney.visueta@ucsb.edu
