

Career Connection Fellows Internship Program

Summer Internship Program for Undergraduates at the University of California- Santa Barbara

The UCSB Department of Economics and Career Connection office are excited to announce our Fellows Internship Program. This program is designed to bring together UCSB's brightest and most successful undergraduate students with top internship employers.

We invite you to join us in this program. The Career Connection Fellows program will be a great way for you to connect with employers that might not traditionally recruit at UCSB

Program Qualifications:

- Ambitious and well-rounded students with a demonstrated interest in securing a summer internship
- At least a 3.2 cumulative UCSB GPA
- Available for at least 10 weeks during the Summer

Program Benefits:

- A competitive advantage when applying to internships as a result of the direct advising
- Career Connection Fellows internships provide a paid opportunity to gain hands-on experience and guidance from an industry professional
- Increased marketability and value to employers for future internships or full-time positions
- Past participants have gained full-time job offers from their internship employers

Application Requirements and Process:

Eligibility: This program is open to students who will be returning to UCSB for at least one-quarter after their summer internship and expect to graduate between December 2016 and June 2017. Students must also have a minimum 3.2 cumulative UCSB GPA.

THE SELECTION PROCESS HAS ENDED FOR THIS YEAR. Please visit our site in November 2016 for next year's program application.
