COURSE GRADE:
Your grade will be based upon the total points you earn during the quarter. The point breakdown follows:

<table>
<thead>
<tr>
<th>Grade Component</th>
<th>Description</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Midterm</td>
<td>Chapters 12-14</td>
<td>450</td>
</tr>
<tr>
<td>Final</td>
<td>Chapters 15-17</td>
<td>450</td>
</tr>
<tr>
<td>Quizzes and Homework (20 points each)</td>
<td>One at beginning of each class noted on the schedule on page 1. There will be six of these and 1 drop</td>
<td>100</td>
</tr>
</tbody>
</table>

TOTAL POINTS 1,000
FINAL EXAM:
The final exam takes place during the final class meeting time as indicated on the first page of this syllabus.

WEB-PAGE
The class webpage is available at econ.ucsb.edu/~anderson. You can access all class presentations at the web-page and printout for taking notes in class. ALL homework assignments, this syllabus and important announcements, etc. can be found at the web-page. Accessing the web-page necessary for gaining access to homework assignments. Much additional information is available at the class web-page and students are encouraged to explore it.

REQUIRED TEXTBOOK AND READINGS:

NOTE: Your textbook should come with a supplement (either in the front of the text or as an attachment) entitled: Eleventh Edition 2005 FASB Update. This includes important updates to information included in the text. The course and its powerpoint slides will highlight these changes. Specifically the supplement supersedes:

Chapter 15: Preferred Stock, footnote 10 page 737
Chapter 16: Stock-Based Compensation, pages 781-787
Chapter 17: Other than temporary impairments is new to chapter 17 (should be used as an appendix to Chapter 17)

PREPARATION:
Students should read the applicable chapter before attending the scheduled lecture. In-class lectures will assume that students have read the chapters and accordingly will focus on expanding upon information contained in the textbook and answering students’ questions. Not reading the chapters before attending class will significantly reduce the benefit which students may obtain by attending lectures.

COURSE APPROACH:
The major source of information will come from the lectures, cases, and textbook readings. However, we will include additional material as appropriate.

QUIZZES & HOMEWORK:
Quizzes & Homework will be given/ due as scheduled on the syllabus, unless otherwise stated during class. There are no make-up assignments. There is ONE drop; if you miss an assignment for any reason it will be considered your drop. Quizzes will very simple and quick to answer (but will require that you have read the chapter). They will be on the overhead at the beginning of class, please arrive to class on time, and immediately begin the quiz, which will need to be completed and handed in no later than 5 minutes after the start of class. Homework will be available at the class webpage in the “homework and handouts” link.

EXAMS:
The format of the exams may include multiple-choice, short-answer, exercise or problem type questions. You should pay close attention to the topics covered in lecture and for homework. Use
your textbook to reinforce topics covered. There are NO make-up exams allowed. Please ensure that your schedule allows for attending all exams.

*For the exams you will need the following:*
  - Scantron (small green)
  - Pencil for scantron. Pencil or pen for other questions.
  - Basic Calculator. NOTE, only a basic or financial calculator will be allowed. Please do NOT plan to take exams using a programmable calculator.

**PROGRAMABLE CALCULATORS, CELL PHONES, or ANY TYPE OF ELECTRONIC ORGANIZER(PALM) WILL NOT BE ALLOWED DURING THE TESTS.**

**REGRADE POLICY**
After your exams are graded you are encouraged to compare your answers with the solution key to confirm your exam was scored correctly. If you wish to question the grading of an exam you must do so no later than the last office hour before the taking of the next exam. Scores will only be changed on the last exam taken. Review of your final needs to be completed within the first three weeks of the following quarter. Any question may be posed to the instructor for re-grade and that problem will be graded by the instructor “from scratch”. Such total could result in less points than initially assigned.

**TEXTBOOK ASSIGNMENTS:**
There are no homework assignments from the questions, brief exercises, exercises, problems, or cases (collectively “textbook problems”) provided at the end of each chapter of the textbook. It is up to each student to determine to what extent these textbook problems should be completed to achieve a complete comprehension of the material. A complete solutions manual for the textbook problems is available electronically through the [RBS website](http://eres.library.ucsb.edu/) (see instructor for the password).

**EXTRA CREDIT:**
None.

**ATTENDANCE:**
*You are responsible for all that is said and done in class.*

**STUDENTS WITH TEMPORARY AND PERMANENT DISABILITIES:**
If you are a student with a disability and would like to discuss special academic accommodations, please contact me during my office hours.

**SCHOLASTIC DISHONESTY:**
With the exception of any GROUP work, all work is to be accomplished on an individual basis. Instances of scholastic dishonesty will be handled in the most extreme fashion, as prescribed by University policy.
