COURSE GRADE  Your grade will be based upon the total points you earn during the quarter. The breakdown follows:

- Midterm #1  260
- Midterm #2  260
- Final  380
- WileyPLUS assignments  100

Total  1,000

LETTER GRADES will be based upon the curve posted at [http://econ.ucsb.edu/~anderson/Curve_policy.htm](http://econ.ucsb.edu/~anderson/Curve_policy.htm)

You may view your scores and class rank on exams via Gauchospace during the quarter.
SLIDES and HANDOUTS

The slides and handouts are available on the class web site at (http://econ.ucsb.edu/~anderson/). The online availability is intended to limit your note taking during lecture, so you have more time to comprehend the presented material.

REQUIRED TEXTBOOK AND READINGS

WILEYPLUS is an online feature which is required to complete all of the homework assignments. It is for the textbook: Financial Accounting w/WileyPLUS, Kimmel-Weygandt-Kieso, SEVENTH EDITION. When you register for WileyPlus you will be able to access the textbook electronically through WileyPlus (as well as homework and additional online content). Hardcopies of the text are available on reserve at the library. Therefore a hardcopy of the text is not a required purchase. However if you prefer having a hardcopy of your own, they are available at the UCSB bookstore. You may obtain your registration code for WileyPlus:

- Skip purchasing the book and purchase directly from Wiley while you register online following the giant link below (generally the least expensive option);
- If you want a hardcopy of the text, purchase the package at the UCSB bookstore which will provide BOTH the WileyPlus registration code as well as the Hardcopy of the text.

Use the following link to flyer to properly register for the course:

Student Flyer for wileyplus registration

SOFTWARE TECHNICAL SUPPORT:

The online chat feature accessible through WileyPlus will likely prove more helpful- in past quarters the few students who have needed it, found the online chat very timely, responsive and effective.

WILEYPLUS ASSIGNMENTS:

Chapter homework must be accessed and submitted via WileyPLUS.

Please note that you may use your textbook and notes to complete the WileyPLUS assignments, but you may not share answers with other students. Also, WileyPLUS times out after 20 minutes of inactivity. I encourage you to save your work if you plan to come back to it later.

Homework Grading: Please note that the points you earn for each assignment within WileyPLUS is twice the points you will be credited with toward your course grade. For example, there are 238 possible points within the WileyPLUS homework assignments. The points you earn within WileyPLUS will be divided by 2 (119 adjusted); the result will count towards the total possible points for your course grade. The maximum points you can earn, towards your course grade, will be 100 thus dropping low scores is inherent in the grading:

PLEASE do not request any form of makeup as such consideration is already inherent in the allocation above.

ASSIGNMENTS FOR STUDY

Within WileyPlus, you will find a section titled “Read, Study & Practice”… these are for additional study.

EXAMS

The format of the exams may include multiple-choice, short-answer, exercise or problem type questions. You should pay close attention to the topics covered in lecture, section, and homework assignments. Use your textbook to reinforce topics covered. The final exam will be cumulative containing 75% untested material and 25% cumulative.

For the midterms and final you will need the following:

- Scantron (small green) and a large blue book
• Pencil for scantron. Pencil or pen for other questions.
• Basic Calculator. NOTE, only a basic calculator that adds, subtracts, multiplies, and divides will be allowed.

**PROGRAMABLE CALCULATORS, CELL PHONES, or ANY TYPE OF ELECTRONIC ORGANIZER WILL NOT BE ALLOWED DURING THE TESTS.** If you are found using any electronic device other than a BASIC CALCULATOR it will be considered cheating.

Your exams will be returned at your assigned section leaders (we call them “tutors”) office hours where you will have the opportunity to compare your answers with the solution to confirm that your exam was scored correctly, and more importantly to learn from any mistakes! Your tutor will review the exam solution and if any student has an issue with how the exam was graded, they should document their disagreement and return their exam to their tutor before leaving section. If you leave with your exam, the score will not be subject to change. Your tutors are not involved in the grading process, so they will be unable to answer grading questions. Regrades will only be processed for requests submitted before the start of the next exam.

**Exams must be taken as scheduled on the syllabus.** If you miss an exam, you can file for an incomplete and take the equivalent exam with the class the following quarter.

Open House: Final exams for Econ. 3A, 3B, 118, and 137A can be reviewed at the Open House, held in the TA office (NH1122) between 10 a.m.-3 p.m. on Tuesday and Weds. of the second week of class each quarter.

**EXTRA CREDIT:** None

**E-MAIL/ QUESTIONS**

This is a large class. It is not possible for one instructor to provide the level of attention necessary to a class of this size, which is why there are discussion sections and tutors. Please seek to address your questions and concerns first with your assigned tutor either in discussion section or during their office hours where you can likely get a greater quantity of one-on-one assistance. If you wish to see me for whatever reason, or if you are not able to resolve your issue with your tutor, please feel free to come to my office hours or email me directly.

**STUDENTS WITH TEMPORARY AND PERMANENT DISABILITIES**

If you are a student with a disability and would like to discuss special academic accommodations, please contact me after class or during my office hours.

**SCHOLASTIC DISHONESTY**

All work is to be accomplished on an individual basis. Instances of scholastic dishonesty will be handled in the most extreme fashion, as prescribed by University policy.

**ATTENDANCE:** Attendance will not be taken, however you are responsible for all that is said and done in lectures and discussion sections.

**SHOULD I ENROLL?**

If the schedule for exams and in-class assignments conflicts with other activities you have scheduled, you should not take this class this quarter. By enrolling in this class you are accepting the class schedule and committing to the requirements discussed above.

Econ. 3A SPRING 2016/ ANDERSON  3
