For more information regarding course availability, please visit the Undergraduate Courses page on the Economics website and also view the UCSB General Catalog for course descriptions and prerequisites.

IMPORTANT TO NOTE:

- Taking PSTAT 109 or ECON 10A (or both) during the summer session before your first Fall Quarter at UCSB is an alternative option
- “Change of Major” paperwork should be completed during the quarter you are taking the final prerequisite for the major (typically ECON 10A)
- The Economics Major requires 7 upper division electives. Electives can be taken during any quarter that you find appropriate, based on course availability. Major electives can be broken down as follows:
 - 1) All electives may be chosen from Area D

OR

 - 2) Up to 3 electives may be chosen from Area E and the rest from Area D
- Economics 189 and 199RA **do not** count towards the major
