-Complete "Change of Major" paperwork in NH2121 during the quarter you are taking the final pre/prep for major course (typically ECON 10A)

-The WRIT course may be taken before or after declaring the full major

-The Economics and Accounting major requires **3 upper division electives**. Major electives must be broken down as follows:

- 1.) **Two** electives from **Area I AND**
- 2.) **One** elective from **Area E**

Economics 199RA *does not* count towards the major.

***It is not guaranteed that students will be cleared to take Econ 100B during the first quarter in the full major.**

This schedule is just an example and should be used as a *guide*.
