This schedule is just an example and should be used as a guide.

*Students are **strongly advised** to visit the Economics Undergraduate Advising Office in North Hall 2121 for the following:*

1.) *Looking to study abroad for an entire year*
2.) *Want more in-depth and detailed schedule planning for study abroad*

INFORMATION TO NOTE:

-Students should complete all pre-major and prep for major courses and be officially accepted into the full major **before** going abroad. This is especially important for those looking to take Economics courses at their host university.

-Students can see a list of courses that have been pre-approved by the Economics department as usable towards the ECON major here.

-Core ECON courses can be taken abroad, however, it is important for students to note that this may delay their eligibility to enroll in UD ECON electives at UCSB once they return from their abroad program.

-The quarter a student goes abroad can be moved around, however, most host institutions operate on a semester system. If your program's semester will cover **2 UCSB quarters**, please come to the ECON Undergraduate Advising Office for schedule planning.

-Students who will complete their degree requirements while abroad will need to meet with the College of Letters and Science.
